The Vice-Chancellor,
BESU, Shibpur,
Howrah-711103.

Sir,

We, the boarders of Richardson Hall, want to report to you a very atrocious and barbaric event that took place on Thursday night. The event was shocking and left all of us terrified. Following the assault which took place at the first gate of the university, the students fled to their respective hostels and halls. What was more horrifying about the assault was that the police and R.A.F, who were posted on the university campus for our security, chased the hapless students. As if that was not enough, they followed the students into their respective halls. We were astounded to see the police enter our hall and drag the students out of their rooms and beat them up ruthlessly.

We demand a proper explanation for the unruly behavior of the police and we want to know under whose authorization they were given the right to enter the hostel.

With warm regards

Boarders of Richardson Hall
