VOLUNTARY HEALTH  
ASSOCIATION OF INDIA

*"It was our desire to focus attention on the fact that we have the right to form a trade union and get our demands implemented peacefully and democratically. Our movement is being sought to be crushed. How much longer can we hold? At the most another year or so. Then a new leadership will come to the fore which may state that nothing can be achieved through democratic struggle."*

— SHANKER GUHA NIYOGI

(1943-1991)
